

# Comprehensive AI Research Report

## Executive Summary

**Research Objective:** Hey new 3 cars latest that i can buy now are

**Agents Deployed:** 2

**Search Results Found:** 39

**Links Processed:** 0

## Research Methodology

1. Search for the three latest model year cars available for purchase. Focus on cars released or available in the current year.
2. Review the information gathered from the web search and identify the three newest car models.

## Agent Performance Analysis

### **Web:**

Status: Working

Task: Search for the three latest model year cars available for purchase. Focus on cars released or available in the current year.

Output: No output available

### **Casual:**

Status: Working

Task: Review the information gathered from the web search and identify the three newest car models.

Output: No output available

## Research Findings

### **Key Sources Identified:**

1. **News search for: Search for: Search for the three latest model year cars available for purchase. Focus on cars released or available in the current year.** (news\_fallback)

Latest news results would be available with news API integration...
